April 15, 2009

Dear Client;

Increases in the costs of reagents and other supplies have made it necessary that we raise the prices for some of our tests, effective July 1, 2009.

The price for urine organic acid analysis will increase from \$115.00 to \$120.00, the price for plasma (or serum) acylcarnitines will increase from \$100.00 to \$105.00, and the price for assay of glutaryl-CoA dehydrogenase in cultured fibroblasts will increase from \$400.00 to \$600.00.

Be assured that we deeply appreciate the opportunity you give us to be of service to you and your patients, and apologize in advance for any difficulty this may cause.

Sincerely,

A handwritten signature in black ink, appearing to read 'S. Goodman', followed by a horizontal line.

Stephen I. Goodman, MD
