Ortho-McNeil
Pharmaceutical

ABOUT THE PROGRAM

This symposium focuses on the latest diagnosis and treatment in infectious diseases and is designed for physicians, nurse practitioners, physician assistants, clinical pharmacists and allied health professionals.

Program features:

The sessions include didactic presentations with audience participation, small group lectures with case presentations, and question and answer periods.

After attending this program, participants will be able to:

- Acquire a unique understanding of the infectious diseases environment in the Middle East.
- Have the ability to review and discuss the diagnosis and management of acute and chronic rhinosinusitis.
- Discuss the most recent treatment options, new concepts, and cost containment strategies for community-acquired pneumonia.
- Be able to discuss the most recent data on the West Nile Virus and its implications for Colorado and the US.
- Review the advances made during the past year in HIV therapy, as well as the most current approach to the HIV patient in the community practice setting.
- Discuss the new antibiotic indications for 2003 and how they may impact clinical practice.
- Recognize the most current strategies for diagnosing and treating viral hepatitis.
- Be able to discuss the most recent data and implications of SARS.
- Discuss the most recent information on the diagnosis and treatment options for gastro-intestinal infections, as well as their complications.

- Be able to recognize and diagnose fungal infections, their implications, and treatment options.
- Summarize the latest controversies and methods of better infection control.
- Review the latest resistance data and controversies, as well as the treatment options for Gram Positive infections.
- Recognize the increasing incidence of Clostridium difficile disease (CDD).
- Be able to summarize and discuss the problems associated with treating immunocompromised patients.

ACCREDITATION

The University of Colorado School of Medicine is accredited by the Accreditation Council for continuing Medical Education provide continuing medical education for physicians.

The University of Colorado School of Medicine designates this education activity for 11 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

AOA credit will be available.

The University of Colorado School of Pharmacy is accredited by the American Council on Pharmaceutical Education as a provider of continuing pharmaceutical education. This symposium has been accredited for 11 contact hours (1.1 CEUs) and assigned the ACPE number: 008-999-03-063-L01. To receive CE credit, participants must submit a statement of attendance. Partial credit will be given for less than complete attendance. CE statements of credit will be within 6 weeks. For questions related to CE certification of this program, call the University of Colorado School of Pharmacy, (303) 315-0275.
